Dear Citizens and Interested Stakeholders:

Thank you for taking the time to submit a comment regarding the Northwest I-75/I-575 Corridor project. The comments received from the general public, local governments, regional and state agencies, and private and non-profit organizations are highly valued and extremely important to the Georgia Department of Transportation and Georgia Regional Transportation Authority.

The project team has made careful note of the issues and concerns expressed in the received comments and will take care to consider all as it continues to develop the best possible transportation solution for the Northwest Corridor and the traveling public. All comments will be included and addressed in the next version of the environmental document.

Thank you again for your interest in this project and for your comments. We appreciate your active participation in the process and we look forward to your continued involvement. For project updates, to join the mailing list, or provide feedback please call the Telephone Voice Mail Hotline at (404) 377-4012, send an email to hov_brt_comments@projectsolvemail.com or visit the Northwest Corridor project website at: www.nwhovbrt.com.

Sincerely,
